**To : Panagiotis NIKOLOPOULOS
Chairman – Arbiters' Commission**

**Subject : Proposal for 2014 FIDE General Assembly in Tromso
- Enhancing Arbiters' Privileges**

Dear Takis,

Now-a-days, Arbiters are being invoiced for their license as well as tiles while the rewards are limited in return. But ,since FIDE has approved that Chess Academies can run tournaments and submit the corresponding report direct to FIDE (which I personally against as in my letter addressed to 84th GA) , I ,then , suggest that Fide Arbiters' Commission propose to GA to grant licensed Arbiters such a privilege(may start with A & B categories in the beginning and carry some evaluation on it). This will certainly encourage the Arbiters to be more active, bring more events worldwide and making Arbitration a profitable profession to many.

Sincerely,

IA Shaker Alafoo
